How many of us have a way to show 27 HCP?

First off – Hat’s Off to those North players who open 1♣ or better again 1♠ in third seat at favourable vulnerability.

There will be a variety of contracts here – from Game to small slam to Grand Slam. Whatever the contract, making 12 tricks will score well. There are many routes to 12 tricks which implies there are a few routes to 11 tricks also.

One route to 12 tricks is to finesse twice in Diamonds by running the 6 on the first round of the suit and later finessing the ♦Q. Those who don’t make 12 tricks will probably have blocked the Spade suit.

Pass	Pass	Pass	1♥
Pass	1♠	Pass	2♥
All Pass			

Some North’s will open the North hand with some sort of ‘Tartan’ two suiter and they should have no trouble stopping in the top spot of 2♠. The rest of us will be hard pushed to avoid the doomed 2♥ contract.

To make 9 tricks in Spades, declarer needs to divine that West has the doubleton ♦10 and finesse twice in Diamonds by running the Queen and Jack – maybe there is a clue to the layout when East doesn’t cover the Queen – which he probably would do if he held the K10 doubleton?

The clever South’s among us will either open 1NT or rebid 1NT and this will force North into landing us safely in 2♠ - hopefully this course of action won’t excite North into making a game try.

Board 7 : Dealer South : All vulnerable

West North East South

1NT Pass 3NT All Pass

This looks like the candidate for the 'Flattest Board' of the night but as we all know a flat board is a rare thing indeed. There will be some unfortunate defenders who will not take their three winners and other lucky defenders who will win more than their entitled three.

All roads lead to 3NT – although some Easts will have the awkward problem of responding to their partner's 1♣ opening – if playing 5-card majors and strong no-trump.

If West plays the hand, a Spade lead gives 10 easy tricks – with a chance of 11 tricks if North does not find the Diamond switch when he gets in with ♥A.

3NT by East is a different story. Firstly East won't be handed 4 Spade tricks and secondly after a Diamond lead and a Diamond return (ducked by South), declarer will be under severe pressure to run for home and will probably only end up with just 9 tricks. So a flat board? Not a chance!

Board 8 : Dealer West : Love all

West North East South

1♥ 2♥ Pass 3♥

Dbl 4♠ All Pass

This should be an interesting board.

If you told West that he wouldn't be able to make 1♥ he wouldn't believe you – but it's true – against good defence. North will overcall 1♠ or if he has gadget to show Spades and Clubs – such as 'Michael' or 'Ghestem' – he will wheel it out now.

South should make some sort of game try (or simply raising to 4♠ if he knows that his partner always makes sound overcalls) – maybe South will try bidding the opponent's suit here – when partner makes an overcall this cue bid is called the 'unassuming cue bid' and shows good support.

Now it becomes a judgement call for North – is he minimum or above minimum for his overcall? Those who take a rosy view will be rewarded for their optimism – there are no problems making 10 tricks.

Board 9 : Dealer North : EW vulnerable

West	North	East	South
	1NT	Dbl	Pass
2♦	All Pass		

The weak No-Trumpers will do well to dodge the bullet here. There could be some 'skin and hair' flying if North and South are not on the same page. Are we playing 'Helvic'? Does South's 'pass' mean 'pass' or is it forcing a 'redouble' from North?

If West has the courage to pass 1NT doubled it will go 2 off on best defence. One down will be a great result for N/S. There are 9 easy stress-free tricks for West in his 2♦ contract.

If North is playing strong no-trump and opens 1♣, East will most likely overcall 1NT (although some will double to try and get both major suits into the picture). West might pass 1NT for a good board – and maybe he has no option especially if 2♦ might be a transfer now?

Board 10 : Dealer East : All vulnerable

West	North	East	South
		1♠	Pass
Pass	Dbl	Pass	2♣
All Pass			

Some Norths will probably find themselves in a very reasonable contract of 3NT and now the spotlight falls on East to defeat it – the contract will go down of its own accord as long as East does not panic.

East leads a Spade and dummy wins. Declarer might lead a Club to hand now and lead a Heart towards the Queen in dummy. If East rises with the ♥A now – declarer has 9 tricks – 2 Spades, 2 Hearts and 5 Club tricks. But if East simply plays 'second hand low' on declarer's Heart lead he will eventually come to 5 tricks for his side.

Is North worth another bid over 2♣? A 2NT rebid here usually shows 19+. It takes unlikely ♦Q or ♦10 lead from West to hold South to 8 tricks in his 2♣ contract.

Board 11 : Dealer South : Love all

West North East South

Pass 1♦ 1♥ Dbl
 2♣ 2♠ Pass Pass
 3♣ Pass Pass Dbl
 All Pass

Anything could happen on this board. If North opens a weak no-trump the Spade fit might be lost but then again they might be brave enough to double East in 2♥ and collect 300 for themselves. There is a wise old adage that says we should avoid opening a bad weak no-trump in third seat – hence North’s decision to open 1♦ above.

If East is declarer in a Club contract, N/S need to play Ace and another Club pretty early on if they are to stop West from getting a precious Spade ruff in dummy.

Good luck to any N/S pair that lands in 3NT – you deserve the odd good score that you get.

West North East South

Pass 1♠ Dbl Rdbl
 2♦ Pass Pass 3♣
 Pass 3♠ Pass 4♠
 All Pass

Should East Double? If he does should South Redouble or bid his Club suit?

Another hand where regular partnerships will know what to do if East decides to make a take-out-double of the 1♠ opening bid. Does 2♣ still show a good hand? What does 3♣ mean? If East doesn’t double then maybe 1♠-2♣-3♠ might get you to a black suit slam?

In any event 4♠ will be a popular contract and if East doesn’t take his Diamond trick at trick 1 he won’t get it at all.

With X-ray vision you can make 6♣- either finesse the ♣10 or cash two top Clubs and then run your Spades.

Board 15 : Dealer South : NS vulnerable

West North East South

3♥ All Pass 3♣

Some North's will try a reasonable penalty 'double' of West's 3♥ overcall. Some Wests might just bid an immediate 4♥ and they will definitely be doubled by North.

Some clever South's will try a cheeky 3NT opening and this might push West into bidding 4♥.

Both sides can make 9 tricks in their longest trump suit. West makes 9 tricks in a Heart contract by leading towards the King and Ten of Spades in dummy twice, while South won't be able to stop himself making 9 tricks in a Club contract – as long as he doesn't discard a Diamond from dummy.

If E.W do find themselves defending 3NT, they should be able to negotiate 5 tricks to defeat the contract.

Board 16 : Dealer West : EW vulnerable

West North East South

Pass Pass 1♣ 2♠

3♣ Pass Pass 3♠ All Pass

If North finds a 2♥ opening bid he will land on his feet this time and might even make 4♥ if East makes a normal non-Diamond opening lead. A 4♠ contract has no chance. This is a great example of the advice – when you have a choice of trump suits it is better to choose the trump suit belonging to the weak hand.

If North decides to pass as dealer then it will be a little more difficult for N/S to land in a Heart contract and indeed E/W may end up competing in Clubs.

If East opens a weak no-trump, South might double, bid 2♠, 3♠ or even 4♠. If South bids Spades it is unlikely N/S will most likely end up playing in their 6-3 Heart fit.

If East opens 1♣ then E/W will most likely bid to 3♣ and may even find the great 4♣ contract.

Board 17 : Dealer North : Love all

West	North	East	South
	1♣	Pass	3NT

All Pass

The strong no-trump auction will probably be just as short 1NT-3NT. Of course 6♣ is a beautiful contract with the 12th trick coming from a Diamond ruff in the North hand but minor suit slams are notoriously difficult to bid these days.

There are also 12 not so easy tricks available in No-Trump because East will be squeezed on the run of the Clubs.

For sure if the South hand had a bit more shape by way of a 6th Club or an outside singleton we would expect him to make a move towards Slam

On the other hand 6♣ is one of the most beautifully cold slams you will ever see - it seems we should be bidding it. Maybe those N/S pairs who have an inverted 2♣ response available to them (10+) might get there?

Board 18 : Dealer East : NS vulnerable

West	North	East	South
		1♥	Pass
Pass	Dbl	2♥	2♠

All Pass

A good competitive hand. N/S would like to bid to 3♠ while E/W would like to be allowed to play in 3♥.

The Diamond suit seems to be the suit to avoid in the early part of the hand. It seems that whichever side plays Diamonds first will gift a trick to the opponents.

As in all competitive auctions any plus score will score extremely well.

Board 19 : Dealer South : EW vulnerable

West North East South

Pass
 2♣ Pass 2♦ Pass
 2NT Pass 3♣ Pass
 3♥ Pass 4♥ All Pass

6♥ is a reasonable 50%+ slam to get to – just needing something nice to happen in Diamonds or the Spade finesse for 12 tricks. Nonetheless most will settle for the Heart game after a simple Stayman or Puppet Stayman auction.

If West upgrades his hand to 25+ then East might take a second look at his 5 points and singleton Club but even then maybe they don't play 4♣ as Stayman after 2♣-2♦-3NT?

Those declarers in 3NT will be held to 11 tricks if South refuses to cover the first Spade lead from dummy.

Board 20 : Dealer West : All vulnerable

West North East South

1♥ All Pass

Maybe some strong no-trumpers will downgrade the West hand and open 1NT and play there for a great score. Not a good board for anyone opening 1♥ with the West hand – especially if it is passed out.

Any East players who muster up a brave 1NT response can expect good news and bad news. There will be good news if partner passes but more likely bad news if partner forces to game or bids game.

Of course good players score well because they know that when they bid close games, the defenders will be under pressure. On this hand, for instance, the defenders need to lead Hearts pretty early on in the game to defeat 3NT.

Any plus score will be greatly received by either side.

Board 23 : Dealer South : All vulnerable

West **North** **East** **South**

1♣ 1NT Dbl Pass

2♣ All Pass

Another lively board despite the points being divided 20-20 between the two sides.

4♣ and 4♥ both make if North shows his hand to declarer enabling declarer to take the double Heart finesse.

West is surely worth an opening bid with his good 6 card Club suit and then North has a choice of actions – Double, 1♦ and 1NT.

2♥ making 9 tricks will be a great result for E/W

West **North** **East** **South**

Pass Pass 1♥ Dbl

Pass 1♠ 2♣ 3♠

Pass 4♠ All Pass

East has a variety of choices for his opening bid e.g. 1♥, 1♣, 2♥ or 3♣? The sooner East gets his Club suit into the picture the better – West won't get excited unless he hears his partner bid Clubs.

After the opening bid, the spotlight turns to South. Is he playing Strong Jump overcalls 1♠, 2♠, 4♠. Most likely he will start with a double and then either blast 4♠ or take the more consultative approach of 3♠ on the next round.

Should N/S bid to 6♠? Of course not.

Should South make 12 tricks? Yes. If he starts Diamonds by playing the Ace first.

Can South make 13 tricks? Yes if the defenders don't lead a Club.

1♣ Dbl Rdbl 1♠

Pass 2♠ 3♣ 3♠

Pass Pass Dbl All Pass

All four players have a decision to make on this one – each in turn has to decide whether to open or not and each in turn has legitimate reasons for opening. One thing is for sure if you do decide to open, you better be able to play them well.

Of course, North might more sensibly decide to just overcall 1♦ on the first round. East will respond 1♠ and West will more than likely reach 3♣. Other East's will land in 2NT or maybe 3NT. To beat 3NT, South just has to avoid leading a Club. To beat 2NT, South needs to lead a Diamond or a Tommy Garvey style ♠K.

West **North** **East** **South**

Pass Pass 1♦ Pass

1♥ Pass 1NT Pass

3NT All Pass

26 HCP and no 8-card major fit so we will all land in 3NT. The strong no-trump openers will bid 1NT-2♣-2♦-3NT.

Declarer will make between 7 and 10 tricks – more likely 10 than 7. The winning defence is for South to find a Spade lead – easier to do against those declarers who were playing 'weak no-trump' and had to open 1♦.

Against those declarers who opened a 'strong' no-trump, South will mostly lead his fourth highest Diamond – hopefully North will understand.

Those of us who have no gadgets will have to choose between opening 1♥, 4♥ or an Acol 2♣ showing 23+.</p> <p>The problem with opening 2♣ tonight is that it might be hard to hold East back from bidding slam. If East-West are playing Key Card Blackwood then they will know not to bid the slam missing two key cards. But if E/W are playing ordinary Blackwood then they might get too high.</p>	West	North	East	South				Pass	1♥	Pass	1♠	Pass	4♥	Pass	4♠	All Pass

Such tactics might be fun but in the long run opening weak 2's with so much strength outside your long suit will make it difficult for partner to judge what to do.</p> <p>4♠ by North seems a routine place to land. It seems both opponents have a natural Club lead. North will ruff the third round of Clubs. To avoid losing 2 Spade tricks, declarer needs to lead a low Spade towards the Jack in dummy. Declarer makes 5 Spades, 3 Heart and 2 Diamond tricks.</p> <p>In 3NT, even if you avoid the Club lead, you only make 7 tricks.</p>	West	North	East	South	Pass	1♠	Pass	2♦	Pass	2♠	Pass	3NT	Pass	4♠	All Pass
